

Nursery Fulfillment Team Member

Since 1983, Wilson's Nursery has been a reliable wholesale source for quality plant material. We grow and carry a full line of landscape plants, from perennials to large caliper trees and everything in between.

This is a full-time seasonal position, Monday through Friday, 7:30-5:00 P.M. We operate between April and December. Enjoy your winters off by traveling and ice fishing!

Job Description: Wilson's Fulfillment Team Members work in collaboration with customer service representatives to gather the best plants for customer orders. They assist with every aspect of the process from plant selection to loading trucks. Fulfillment Team Members also assist with routine and seasonal tasks that help us produce, maintain and organize the plant materials we sell. This position provides a great opportunity to learn about perennials, shrubs and trees through day-to-day activities.

Team Members must have:

- Experience in the horticulture industry
- Basic plant knowledge
- A valid driver's license
- Ability to safely lift 50 pounds
- Ability to tolerate the various weather conditions of Minnesota
- A strong aptitude for working independently

Team Member's Main Duties:

- Gather plant material to fulfill customers' orders
- Perform quality checks on plants that are going out to customers
- Help make suggestions on plant alternatives if needed
- Assist with loading materials onto delivery vehicles
- Perform maintenance on plants to keep them saleable
- Help put new perennial plugs into pots

Wilson's is located about 45 minutes West of Minneapolis, in rural New Germany. On and adjacent to the nursery is an expansive, Crane Creek wetland. The property's beauty is enhanced by the thousands of colorful plants we produce. Access to the Dakota Rail Trail is a short bike ride away!
