

## GREETINGS FROM WILSON'S NURSERY

*The glory of gardening: hands in the dirt, head in the sun, heart with nature. To nurture a garden is to feed not just the body but the soul.*

*-Alfred Austin*

In our greenhouses, seedlings are thriving, and the air is rich with the scent of spring and growth. All winter, we have been planning and preparing to welcome you to our growing range and wholesale yard. We've taken your suggestions and added new perennials, shrubs and trees, and our display garden will inspire new ideas for your designs.

Entering our 36<sup>th</sup> year of business, we are enthusiastic and excited as ever to serve you. Our friendly, efficient and knowledgeable staff is ready to make your visit to Wilson's Nursery worry free and productive. We are proud of our farm, and proud of our ability to furnish high quality, hardy nursery stock. The continuity of tried and true production practices combined with our veteran staff guarantees that.

Here's to a successful 2018. We're eager to demonstrate our commitment to you, our partner in success!

Warm regards —

Jim & Jennifer Wilson & the entire Wilson's staff

## **About our Super 2**

In the interest of serving our customers and reducing confusion, we have changed some of our pot sizes. You will notice many of our shrubs are listed as a Super 2. This is the same pot we have previously sold as a #3 container, but due to the fact that it actually is less than a 3 gallon capacity – but is more than what many are calling a #2 – we are referring to it as a Super 2. It holds approximately 2.4 gallons. We find that this pot gives a superior root system and holds moisture better while waiting on the job to be installed. We feel this provides a superior product for our customers.

You will also notice that “Proven Winners” and “First Editions” plants are in their own branded pots. They are designated as PW or FE.

**ORNAMENTAL HOPS**

<b>Cascade</b>	<b>(Zone 4)</b>
----------------	-----------------

*Humulus lupulus 'Cascade'*

Fast growing and easily trained on fence or trellis. Attractive cone-like flowers appear in late summer, and have a pine-like fragrance. Dies back to crown in winter.

**#1 container...11.00**

<b>Willamette</b>	<b>(Zone 4)</b>
-------------------	-----------------

*Humulus lupulus 'Willamette'*

Fast growing-grows up to 25' in a single season. Dies back to crown in winter. Very aromatic.

**#1 container...11.00**

**HYDRANGEA****Climbing Hydrangea****H 15 ft (Zone 4)***Hydrangea anomala .ssp. petiolaris*

Lacy white blooms are displayed on this adaptable vine that can tolerate heavy shade.

**#2 container...21.75****#5 container...48.50****IVY****Boston Ivy****(Zone 4)***Parthenocissus tricuspidata*

Dense, clinging vine with glossy green foliage in summer and bright orange/red fall color.

**#1 container...11.35****Engelmann Ivy****(Zone 3)***Parthenocissus quinquefolia 'Engelmanni'*

A cultivar of *P. quinquefolia* that has smaller leaves than the species and is also less vigorous. Clings better to masonry than the species. Deep burgundy fall color. Small blue fruits attract birds. Xeriscape plant.

**#1 container...11.35****Yellow Wall Engelmann Ivy****(Zone 4)***Parthncissus quinquefolias*

Excellent choice for quickly covering walls or fences for an instant green wall. Noted for it's brilliant vibrant yellow fall color. Chose location carefully if planting against houses or other structures as it may be difficult to remove.

**PW #3 container...19.00****Atomic Red Bignonia (Trumpetvine)****(Zone 4)***Campsis radicans 'Stromboli'*
